Winning Bidder Selected For Valley View Downs Project

October 22, 2010 – A vigorous auction for the Valley View Downs project has been completed and produced a successful bidder. American Harness Tracks, LLC was selected with an “as-is, where-is” bid for \$5.6 million, subject to approval by the bankruptcy court and the Pennsylvania Harness Racing Commission.

Innovation Capital, which served as financial advisor to Centaur on the transaction, undertook a comprehensive effort to market the Valley View Downs project, resulting in an auction with multiple bidders.
